Personal Achievements and Awards

During my senior year in 2008, I had become Vice President of our school's FFA (Future Farmers of America) Club and was sent off to Fresno, California with the treasurer to represent the school at the annual State FFA Conference. Earned enough money to start several websites in 2009, for personal and freelance use. December 2009 I was interviewed by Reporter Jayne O'Donnell of The USA Today about an article she was writing on the popularity of Virtual Retail Sales.
